

Hey Kari!

I'm emailing you to nominate our wonderful volunteer, Karl Domes. As you can see from the attached letters, Karl has gone above and beyond the requirements of volunteer and poured his heart and soul into our organization. He even sings songs for us when we're down. Recognizing Karl with this award would be just one way to show him just how much we, and the rest of Canadian radio, appreciate his valuable contributions. Along with the attached letters, I've added a link to one of Karl's appearances on CBC Daybreak North, where he promotes one of our projects as a regular guest every month.

Karl is a wonderful human being and we would be over the moon if he was considered for this award. Thanks so much, Kari!
