

Dennis Molnar and Jewne Boom Boom Thursdays @ 12-2 in the afternoon tune into CKCU 93.1 FM in the Ottawa area, or www.ckcufm.com for live worldwide stream.

Breaks, funk, soul, and classic hip hop all rolled up into one tasty 2-hour. Hit them up with requests at 613-520-2528 during the show, or just hit me up in general if you want to hear something.

No stranger to performance herself, Jewne keeps her skills sharp and stays on the pulse of Canadian culture through her involvement with CKCU, a local Ottawa radio station where she is known as Jewne "BOOM BOOM". By having local guests, reviewing local events for listeners, covering Ottawa Fashion Week events, providing weekly style advice, and supporting local musical talent, Jewne has become widely known and admired in her community.

She has lent her charisma to the hosting and coordinating of several events, from fashion shows to fundraisers. Her self-started charity, *Art Child*, works to preserve the development and support of Arts programs here in our Nation's Capital. The first annual edition debuted at Carleton University on the 29th of January, 2012 with free performances, children workshops, and a FW fashion show to end the evening.

Her commitment is perceptible in her work ethic and dedication to what she believes in. Real People, Real Things, Real Life. And it's all happening In Da Industry!
