

Hello and good day!

I am excited to be presenting to you the Where Monsters Dwell submission piece for your consideration for the NCRA Community Radio Awards. We feel that our product qualifies us to be considered for the Outstanding Achievement: Syndicated show or podcast Award.

We humbly submit to you an excerpt from our April 11, 2012 episode featuring our interview with comic book illustrator Charlie Adlard (The Walking Dead; IMAGE). We feel this is a very strong example of the type of entertaining content we bring on a weekly basis to our home station, CHSR FM in Fredericton, NB.

In addition to CHSR, we are syndicated on the following community/campus stations across Canada: CJSF in Barnaby, BC, LU Radio in Thunder Bay, ON, The X92.5 in Kamloops, BC, CKDU in Halifax, NS, Local 107.3 in Saint John, NB and UMFM in Winnipeg, MB. We also have the honour of being syndicated on The Point Radio at <http://getthepointradio.com>.

We have produced 248 weekly episodes of our program and are constantly looking for new ways to reach new listeners and improve our product. We have a ton of fun doing this and we've had the pleasure of becoming friends with a number of our comic creator heroes as well as listeners from all over the globe.

A bit about our program:

Hosted by Remington J. Osborne and Monster Mike, Where Monsters Dwell is your weekly dose of pop culture talk radio. Spanning such topics as comics, movies, TV and games. Bringing you live creator interviews and our own perspective on pop culture news and happenings. You can tune in LIVE around the world by visiting <http://wheremonstersdwell.ca/>.

I hope this finds you well and if nothing else urges you to come by and check out our stuff, we'd be glad to have you!

All the best,

--

Monster Mike Campbell  
Co-Host of 'Where Monsters Dwell'  
Producer of 'Listen To Jimmy with Jimmy Palmiotti'
